Ten local and international cooperation projects receive COAC grants

Imatge:

Laboratorio Internacional de Arquitectura Colaborativa, Tètouan / Chauen / Barcelona (2017-2018)

A total of ten projects associated with architecture and urban planning have won COAC cooperation grants. These include both local and international projects, with a particular emphasis being placed on their quality and social involvement.

Of the projects submitted, an evaluation was made of their compliance with the basic rules, the architectural proposition, the use of local materials and their level of social participation. Finally, it was decided to award the grants, which totalled 39,000 euros, to the following entities:

LOCAL PROJECTS:

Arquitectura Sense Fronteres

Project: In defense of the rights to housing and the rights to city

Head architect: Carles Bonet Pijoan
