Almost 3,000 people attend the Architecture Festival at Tibidabo

Between 6 pm and midnight on 11 May, almost **3,000 people** went up to Tibidabo to experience the **Architecture Festival** [2] organised by COAC. Visitors had the chance to enjoy the magic of this iconic location, with its panoramic views of Barcelona, while enjoying the various attractions.

During the afternoon, those who had registered in advanced participated on the *?El Tibidabo?* and *?An exceptional view of Barcelona?* routes, which offered an architectural perspective of the funfair and the city?s urban development respectively. In the evening there was a concert by jazz group **Virginia and the Woolfs** and a **lindy hop show**.
