You can now consult all the issues of the *Quaderns* journal from 1944 to 2010 with a new feature that makes it quicker and easier to view each issue in the 'Publications' section.

The digitization of 66 years of the history of *Quaderns* has become a milestone in the dissemination of architecture, borne out by the fact that between 2009 and November 2013 some 235,000 views from all over the world were recorded.
